

POLARIZED

Necessary Sun Protection. Exceptional Comfort

Unlike other sunlens options Polarized lenses inherently provide critical UV protection and block glare from reflective surfaces creating optimal vision outdoors. The supreme quality of vision offered by Polarized technology will result in maximum comfort for the patient. For sun protection needs, Polarized is the unbeatable option.

Style	Material	Diameter	Treatment	Power Range	Colors
Plano	Hard Resin	80mm	Hard Coated	6 base and 8 base	Grey, Brown & Green

All Purpose F PAL	Hard Resin	75mm	Hard Coated	Base curves 1.50, 3.25, 5.25, 7.25; adds from 1.00 to 3.50	Grey & Brown

Durability You Can Trust

Because sunglasses generally get more abuse, every Polycore Polarized lens comes with a factory scratch resistant coating built into every pair. The cast-in technology creates a structurally stronger and long lasting lens for assurance of patient satisfaction.

Simplifying the Business of Sight

POLARIZED

Essential Colors

Polycore offers Polarized in three of the most requested colors: True Grey, True Brown, and Green.

Polycore's True Grey offers comfortable and true vision for a variety of outdoor activities.

Polycore's True brown offers higher contrast and will increase performance for active lifestyles and provides relief for aging eyes.

Polycore's Green is preferred by many for more relaxing vision.
